## Technical Data sheet: Anti-Foam T

Art. Codes: A01681, A01682 and A01683

EN

**Antifoam agent (technical processing aid)**

### Chemical Composition

Modified fatty alcohols

### Properties

- Appearance yellowish, clear liquid
- Odour weak aromatic
- Density 880 kg/m<sup>3</sup> at 20 °C
- Viscosity 23 mPa.s at 25 °C
- Flash point > 120 °C
- Solidification point < -10 °C
- Toxicological behaviour for details please see the currently valid material-safetydata-sheet Ecological behaviour for details please see the currently valid material-safetydata-sheet
- Storage Stability at least 1 year at adequate storage

The data given are typical values which are not intended for use in preparing specifications. For test methods refer to the corresponding supplement.

### Recommendations for application

The best possible addition point and necessary dosage quantity of Anti-Foam T depend on factory conditions and have to be found out by trials.

**Anti-Foam T can be used either as delivered or diluted with water.**
