DC 16

Edic.: 03

PRODUCT:	MAGACELL COLORIMETER
REV. (yymmdd):	220221
REFERENCE:	AGE000104

GENERAL CHARACTERISTICS:

DESCRIPTION	Digital colorimeter, high-contrast screen. Speed and precision in the calculation of the optimal number of doses. It allows instant absorbance reading or direct dose number.
PRESENTATION	Cardboard box with 1 unit (3 kg)

INDICATIONS	This colorimeter determines the number of doses from boar semen by direct reading of absorbance, transmittance and concentration.
