

Light on. Germs gone.

The new Dulcodes LP UV system with Vario-Flux High-Output lamps

Dulcodes LP
Kills germs and costs.

ProMinent maximises the efficiency of UV disinfection. With the new Dulcodes LP, we now offer an innovative UV system that sets new standards in terms of both effectiveness and economic efficiency.

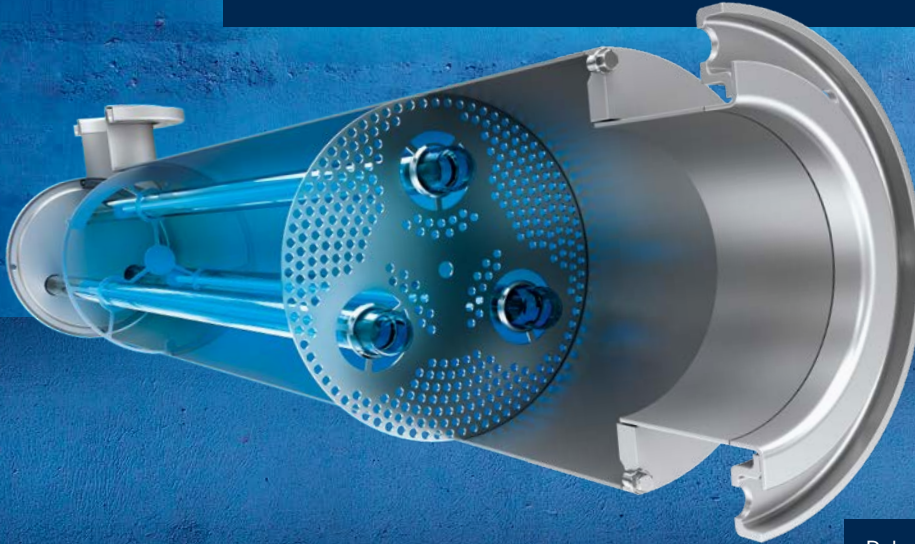

Find out more at www.prominent.com/dulcodes

- Vario-Flux High-Output lamps with long life time
- Fast lamp dimming thanks to dynamic lamp heating
- High efficiency thanks to ability to dim down to 50 % of nominal power regardless of the water temperature
- Homogeneous UV dose through optimised hydrodynamic
- Flow rate up to 530 m³/h

ProMinent[®]

The energy saver among UV systems.
